## PROFILE

Dynamic video producer and journalist with 7+ years in the field. Adept at factual and commercial projects. From stylised end-to-end video editing, to graphic design and animation, to filming on cinema-grade cameras, to project management, to reporting and scripting, I have been involved in every layer of video production, and have a strong background in print journalism. Looking forward to joining a new team, either on a contract or full-time basis.

## EMPLOYMENT HISTORY
